Fourth Year Schedule One45 Lottery Guide

The instructions below detail the process for reviewing and making your selections for the fourth year scheduling lotteries. Each independent section will be its own distinct lottery.

For the Priority 1 section only, you will be contacted if your priority is not available. You will be given the opportunity to make an alternate selection before we move to the next lottery section.

In the sections below you will select your:
- Priority 1 Rotation: this may include Required courses (APC, RCC, or Required Ambulatory), electives, or vacation
- Your Required Critical Care and Required Ambulatory courses if not previously chosen as a priority

Lottery sections will be run in the order in which they appear in the instructions below.

**NOTE:** there is no guarantee that you will receive your priority selection so choose wisely; strategically placing a required course as your priority course may not be effective in all circumstances. In all other sections that follow the priority section, it is in your best interest to provide as many choices as possible.

Required Courses: If your preferences have been reviewed for availability and the lottery does not successfully enroll you in a course, you will be moved to the bottom of the list to be randomized into an available section of that course.

**Priority 1**

Please select your top priority as shown below:

1. Choose rotation or vacation:

```
Priority 1

Indicate your top priority. For many students the highest priority will be taking a course, and/or vacation. You will be assigned to this course during the block you indicated.

1. [Choose rotation or vacation]

Required Rotations

ANES 4001 - ANESTHESIOLOGY
APC 4001 - APC/INTPT FAMILY MEDICINE-LBJ
APC 4010 - APC/IM ACTING INTERNSHIP
APC 4012 - APC/Nephrology Clin Consult SVC
APC 4013 - APC/INT MEDICINE - PEDIATRICS
APC 4014 - APC/INT MEDICINE - GERIATRICS
APC 4020 - APC/PEDIATRIC NEUROLOGY
APC 4021 - APC/Neurology/Stroke
APC 4030 - APC/High Risk Obstetrics/Maternal Fetal Medicine

Require [clear choice]
```
Choose the appropriate block and click [OK]:

**Priority 1**

Indicate your top priority. For many students the highest priority will be taking courses, and/or vacation. You will be assigned to this course during the block.

1. **INTM 4018 - CARDIAC ELECTROPHY**
   - Any available date
   - [edit dates]

Choose date(s):

- [No preferred dates]
- [The following dates (in order of preference):]
  1. Aug 26 2019 - Sep 22 2019

This results in the selection of a **single rotation** with only one block as an option.

**Priority 1**

Indicate your top priority. For many students the highest priority will be taking courses, and/or vacation. You will be assigned to this course during the block.

1. **INTM 4018 - CARDIAC ELECTROPHY**
   - Aug 26 2019 - Sep 22 2019
   - [edit preferred dates]

**Required Critical Care**

If you did not include Required Critical Care as your Priority 1, please make your selection in this section. You may choose up to five blocks, and it is in your best interest to do so – if the system cannot enroll you in a course based on your selections you will be moved to the bottom of the randomized list and enrolled in a block which is open on your schedule and available for the course.
Required Critical Care

If you listed RCC as your Priority 1 it is not necessary to make a selection in this section. If random:

1. [-- Choose --]
2. [-- Choose --]
   Jun 3 2019 - Jun 30 2019 (1)
   Jul 1 2019 - Jul 28 2019 (1)
   Jul 29 2019 - Aug 25 2019 (1)
4. Aug 26 2019 - Sep 22 2019 (1)

Continue making as many selections as you deem necessary (the more the better)

Required Critical Care

If you listed RCC as your Priority 1 it is not necessary to make a selection in this section. If random:

2. Oct 21 2019 - Nov 17 2019 (1)

Required Ambulatory Medicine

If you did not include a choice for Required Ambulatory Medicine as your Priority 1, please make your selection in this section. You may choose up to four specialties and as many block choices for each as you deem necessary. Again, it is in your best interest to do so – if the system cannot enroll you in a course based on your selections you will be moved to the bottom of the randomized list and enrolled in a block which is open on your schedule and available for the course.
Required Ambulatory

If you listed Ambulatory as your [Priority 1] it is not necessary to make a selection at random.

1. -- choose rotation --
2. -- choose rotation --
3. -- clear choice --
4. Rotations
   - FAMD 4000 - REQ AMBULATORY MEDICINE
   - INTM 4000 - REQ AMBULATORY MEDICINE
   - OBGY 4000 - REQ AMBULATORY MEDICINE
   - PED 4000 - REQ AMBULATORY MEDICINE

Acute Care

Edit the dates to make your selection:

Required Ambulatory

If you listed Ambulatory as your [Priority 1] it is not necessary to make a selection at random.

1. INTM 4000 - REQ AMBULATORY MEDICINE
   - Any available date
   - edit dates
2. -- choose rotation --
3. -- choose rotation --
4. -- choose rotation --

Continue making your choices until you are satisfied:

Required Ambulatory

If you listed Ambulatory as your [Priority 1] it is not necessary to make a selection at random.

1. FAMD 4000 - REQ AMBULATORY MEDICINE
   - Jul 29 2019 - Aug 25 2019
   - Aug 26 2019 - Sep 22 2019
   - May 6 2019 - Jun 2 2019
   - edit preferred dates
2. OBGY 4000 - REQ AMBULATORY MEDICINE
   - May 6 2019 - Jun 2 2019
   - Sep 23 2019 - Oct 20 2019
   - edit preferred dates
3. -- choose rotation --
4. -- choose rotation --
Advanced Patient Care

Unlike the Required Critical Care and Required Ambulatory sections where you must have a selection on your schedule at the end of the lottery, you will not be randomly assigned to an available APC if your preferences are not available. If you do not receive your preferred APC selection, you will have to enroll in an available APC during open enrollment which begins on March 27, 2023.

The process of making your selections is similar to previous sections. Note that in the second selection below, we indicated “All Remaining Dates” which will randomly select an available period for the indicated APC selection.

Select the APC of your choice:

**Advance Patient Care APC**

1. -- choose rotation --
2. -- clear choice --

Switch rotation

If you selected an APC:

Submit

**NOTE:** You may select an APC only once per rotation.

Enter your preferred block dates for the chosen APC:

**Advance Patient Care APC**

1. 4013 - APC/INT MEDICINE - PEDIAT
   a. Jan 11 2021 - Feb 7 2021
   edit preferred dates

2. -- choose rotation --

If you listed APC as your [Priority 1] or [Priority 2] it is

Continue making your choices until you are satisfied.
Electives

Electives are not scheduled through the lottery unless granted as your Priority 1. You must self-enroll in your electives once open enrollment begins on March 27, 2023. Instructions on how to self-enroll will be sent out closer to open enrollment.

Open enrollment has no end date, you will be able to add/drop courses up until the start of Block 14A if necessary.
