

Faculty Director:	Mary Kollmer Horton, MPH, MA PhD
Participating Faculty:	UTHealth faculty
Location:	McGovern Medical School
Prerequisites:	Enrollment in a Scholarly Concentration and/or active participation in a mentored research project
Streams Offered:	All streams
Max. # Students/3-week Period:	10

Course Objective

Material Covered:

This third year elective is an opportunity for third-year medical students to continue ongoing scholarly or research activities associated with a specific Scholarly Concentration and/or mentored research project.

Students will be required to identify objectives and a specific outcome for the three-week period. This will need to be reviewed and approved by the student’s mentor (Scholarly Concentration and/or research), the director of the respective Scholarly Concentration, and the faculty director of the elective (Dr. Horton).

Activities Of Elective

Number Of New Patients/Student/Week: N/A

Responsibilities Of Student For Assigned Patients:

Does history/physical:	N/A
Who critiques:	N/A
Follows patients, with appropriate notes as needed:	N/A
Who supervises:	Scholarly Concentration and/or Research Mentor
Does student see ambulatory patients:	N/A
