Jeopardy Tips & Guidelines

- We will take **requests** for when you would like your night float and days off. Please send these 2 months prior to the rotation start date. Earlier will get preference.
- You will receive an email with your Float-Jeopardy schedule approximately 2 weeks prior to beginning the rotation.
- You are allowed to swap shifts, only with the Chief’s approval. You **cannot** cover another resident’s shift while on Jeopardy.
- While on Jeopardy, residents are expected to hold their charged-pager (including the day prior to starting) and respond ASAP. You must be local and available to work within one-hour. Night float will be given if there is no response within 1 hour of being paged.
- Residents will be pre-assigned to specific rotations while being on Jeopardy and still available to be pulled. This is typically picked based on educational preference for the residents. You may request a specific rotation that you would like more experience with.
- We typically do not assign shifts on the weekends (aside from regular Jeopardy) & we attempt to leave one person off in the day- in case night coverage is needed.
- There is no pre-determined order of who gets pulled. For night shifts, we typically pull a resident who has not worked a day shift that same day; this may be the Nocturnist-Jeopardy resident.
