The UT Center of Excellence on Mood Disorders is enrolling children, adolescents, and adults for mood disorder research studies. Continue reading below to learn more.

FAMILY BIPOLAR DISORDER

Do you or a sibling suffer from Bipolar Disorder? UTCEMD is currently enrolling siblings for a brain imaging study. You and your sibling may be eligible for the study if:

- Same gender
- Within 10 years of age
- Between 18-65 years old
- One sibling has Bipolar and one does not
If you are interested in participating or would like to know more about the study, please call 713-486-2627.
The risks and benefits of participation will be discussed with you.
