We hope you had a great holiday season and a happy new year!

The UT Center of Excellence on Mood Disorders looks forward to helping you reach your health goals this year. Continue reading below to learn more about the mental health research studies we are currently conducting.

ADULT BIPOLAR DISORDER

Do you suffer from Bipolar Disorder? Are you taking Bipolar medication? Are you currently feeling DEPRESSED?

UTCEMD is recruiting adults for a study involving over-the-counter NAC and Aspirin. You may be eligible for
the study if:

- Between 18-65 years old
- Currently feeling depressed
- Taking Bipolar medications for at least 4 weeks

If you are interested in participating or would like to know more about the study, please call 713-486-2627.

The risks and benefits of participation will be discussed with you.
